General Safety

- 1 This tool is intended for the use of holding automotive bumpers to allow safe and unhindered preparation and spraying. Using this tool for any other purpose other than that intended is not recommended and strictly at the risk of the operator.
- 2 This is not a toy and should not be used by children and other unauthorised persons.
- 3 This tool is intended for use in conjunction with a compatible panel stand and cannot be used as a stand-alone tool. Use if any other base equipment or jigs is strictly at the risk of the operator. For a list of compatible panelstands, please go to fastmovertoolsuk.com/1650K.
- 4 Store in a safe and secure location.
- 5 Use of non-compatible accessories is strictly at the risk of the operator.
- 6 Due to the nature of this product, some parts may have sharp edges. Wearing correct PPE is strongly recommended.
- 7 Trapped risk! Due to the nature of this product there is a chance of trapping fingers or clothing. Always wear correct PPE and appropriate clothing. Tie back hair if necessary and remove any jewellery.
- 8 Always use this tool in a clean and tidy environment and on a level and stable surface. Always remove trip or slip hazards before commencing work.
- 9 Unsure that the workpiece is held securely before commencing work.
